FOOT MEASURERS

The RITZ STICK is the easiest, lowest cost foot measuring device available. Easy to read scales on the front and detailed instructions on the back. Made from sanded, varnished hardwoods. Also available with European scales.

The BRANNOCK DEVICE is the traditional measurer that has been in use for many years and is still favored by many shoe salespeople. Available in separate styles for Men, Women, Children and Combination Athletic for extremely accurate shoe sizing. Made of polished, cast aluminum for light weight and long life. Also available with European scales.

The FOOT-FITTER is the latest measurer using electronics for quick, easy and accurate measurements. Readouts can be in US, UK, European or Metric sizing scales. It measures heel-to-toe and arch lengths, and widths, for infants to large adults, simply, quickly and reliably. Model 1000-A measures up to US 16, Euro 50 and UK 15-1/2 in mens; US 19 using the arch length only.
